

**DTE Electric Company Retail Access Customer Distribution
Agreement Pursuant to Retail Access Service Tariff EC2**

THIS AGREEMENT, dated _____, _____,

by and between _____ a _____

(Corporate Name)

(State of Incorporation)

corporation, herein called the "Customer," and DTE ELECTRIC COMPANY, a Michigan corporation, One Energy Plaza, Detroit, Michigan 48226, herein called the "Company," is for the supply of electric energy distribution services and other associated services to the Customer at the following location:

(Street Address)

(City- Village-Township)

Initial contract capacity: _____ kilowatts. **Nominal voltage:** _____ volts.

The Company agrees to provide electric distribution services and other associated services commencing on the _____ day of _____, _____, or as soon thereafter as service is made available, according to: (1) the Retail Access Service Tariff EC2 as it may be amended from time to time by order of the Michigan Public Service Commission (MPSC), (2) the terms of this Agreement, (3) any applicable MPSC-approved or FERC-authorized tariff, and (4) any applicable DTE Electric Marketer Agreement and/or Retailer Agreement. The Customer acknowledges receipt of a copy of the Company's Retail Access Service Tariff EC2.

The Customer designates its Marketer as its agent for securing transmission services.

If the Customer desires to take and pay for this service at multiple locations, a listing of the multiple locations, together with the initial contract capacity, nominal voltage and the service commencement date for each location may be appended to this Agreement. Each appended page shall refer to this Agreement and shall be dated and signed by both parties.

If the Customer desires to operate generation equipment in parallel with the Company's system it must execute and comply with the Parallel Operation Terms and Conditions – Distribution Service which will be incorporated as a part of this Agreement.
