

TITLE TRANSFER SERVICE
POLICY & PROCEDURES
REVISED 02/2013

DTE Gas Company provides title transfer services for \$0.005 per Dth transferred between third party entities. This service will track all title transfers within the DTE Gas Company transmission system.

Defintion: Title transfers are defined as “transactions where a change in ownership of gas occurs without physical movement of gas.”

Effective date: DTE Gas Company initiated the Title Transfer service on October 1, 1996

Rate: \$0.005 per Dth

Minimum charge: \$100.00 per month per third party entity

Quantity Rate Assessed On: Second title transfer and each thereafter

No title transfer fee will be applied to an entity that delivers gas in one of the following methods:

1. Deliver gas to a DTE Gas Company transportation end user
2. Deliver gas to the customer’s storage account held with DTE Gas Company
3. Deliver gas for DTE Gas Company’s system supply
4. Deliver gas for DTE Gas Company gathering system imbalance (TBQ) payback
5. Deliver gas off system at any interconnect via an existing off system transportation agreement held with DTE Gas Company

Nominations: Every broker and shipper operating within DTE Gas Company citygates will be required to utilize DTE Gas Company’s electronic nomination system to submit daily gas nominations. To place nominations on the electronic nomination system, the appropriate Access Agreement must be executed with DTE Gas Company.

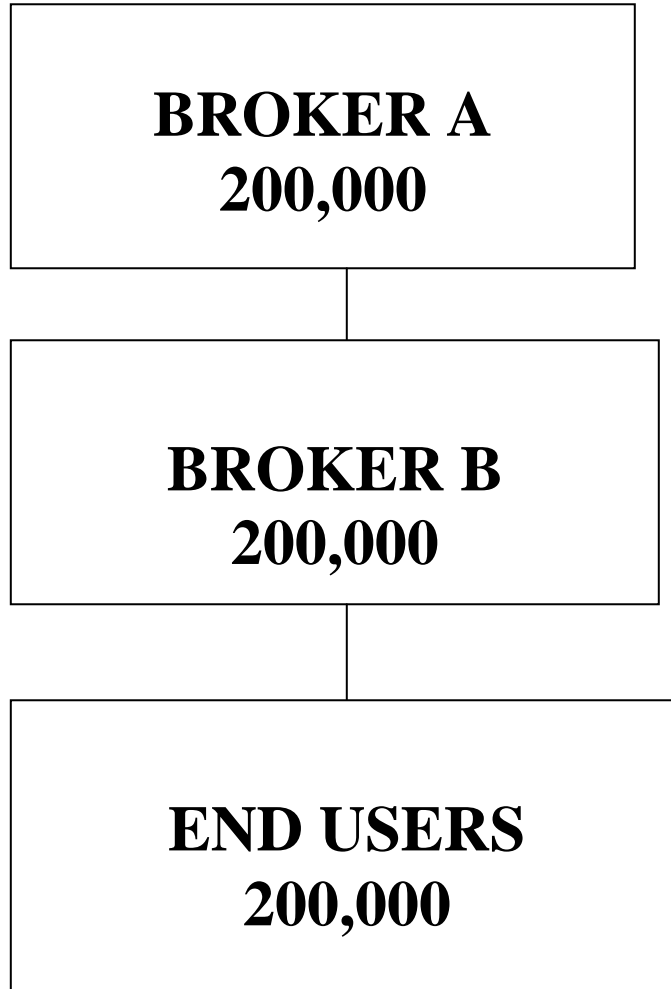

Billing and payment: The title transfer service fee will be included on the monthly transportation invoice prepared by DTE Gas Company. If not applicable, a separate invoice will be prepared. If the title transfer fee is not paid within 30 days, or notice of a discrepancy is made by the customer to DTE Gas Company, the customer’s authorization to perform title transfers on DTE Gas Company’s system will be suspended until payment is received in full or the disputed amount is resolved.

Should you have any questions regarding this service, please contact Kelly Naragon, Manager, Gas Nominations Services, at (313) 235-1036.

Title Transfer Transaction

Example I

BROKER "A" HOLDS CONTRACT
INTO DTE GAS COMPANY CITYGATE

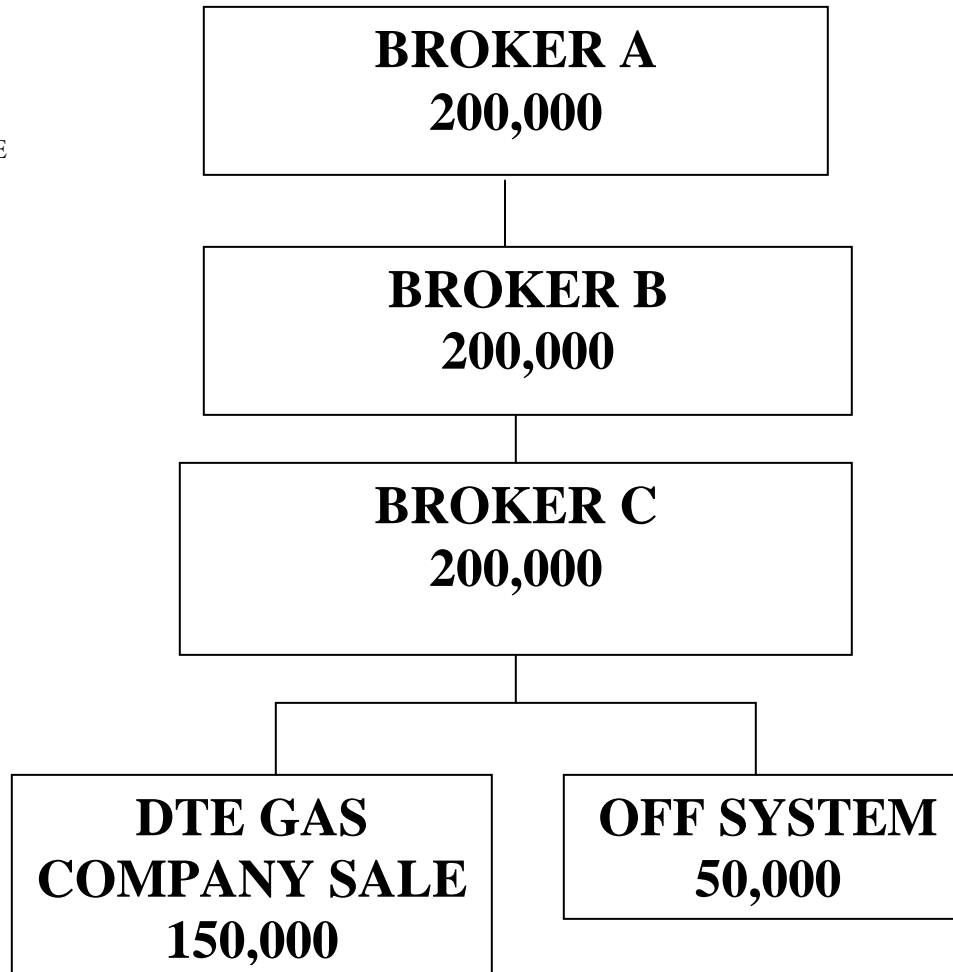

No charge applicable because second link of transfer delivered gas to end users, ending the chain.

Title Transfer Transaction

Example II

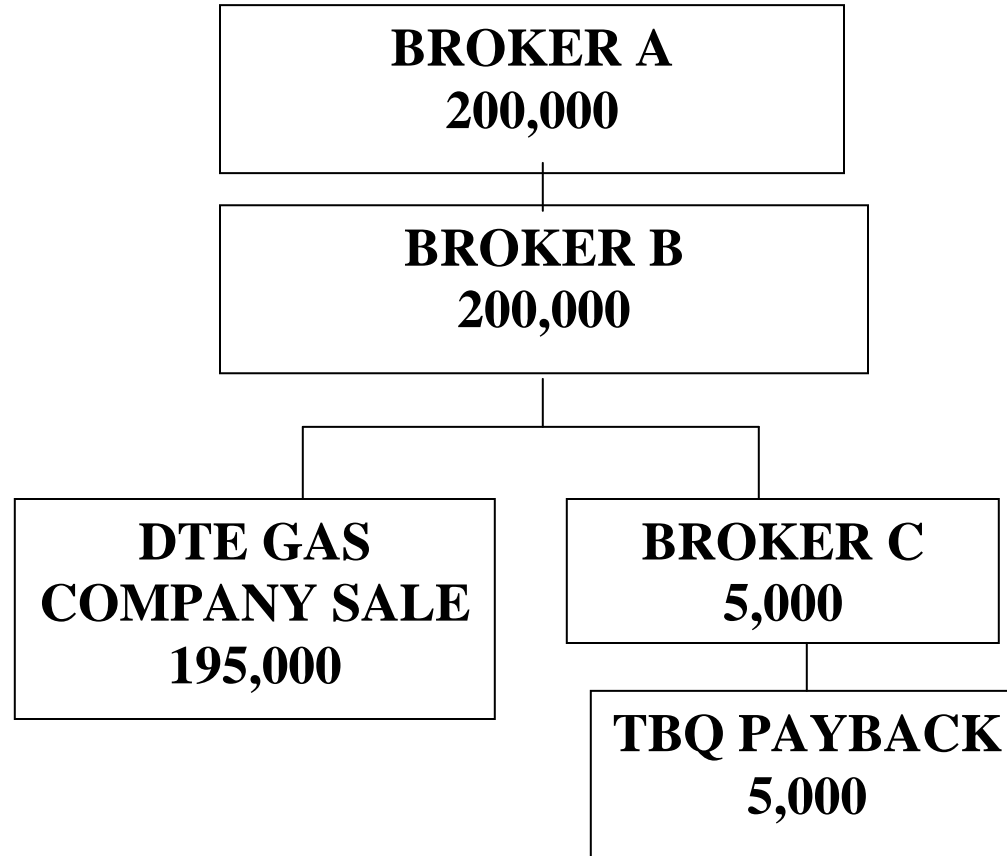

BROKER "A" HOLDS CONTRACT
INTO DTE GAS COMPANY CITYGATE

Full charge is applicable only to Broker B. No charge is applicable to Broker C because it ended the chain by delivering to DTE Gas Company for a supply sale and to an off-system delivery point.

Title Transfer Transaction Example III

BROKER "A" HOLDS CONTRACT
INTO DTE GAS COMPANY CITYGATE.

Partial charge is applicable to Broker B on 5,000 Dth that were transferred to Broker C.
No charge to Broker C because it delivered all 5,000 to DTE Gas Company for TBQ payback.
